## Have Your Say

Dear Debra,

At Questor, we respect that our partners are busy and we genuinely appreciate your attention to **Q's News**.

***We decided to enhance Q's News with a fresh new look and additional functionality to provide relevant information for your business ... oh, and added some great prizes!***

### Go Ahead and Grade Us

In the September spirit of back-to-school, we ask that you grade us on 5 quick questions for two simple reasons:

**Your responses help us determine what areas we can improve upon to make lease financing an effective and efficient tool for your business.**

And , secondly, we are **drawing monthly for prize winners** if you choose to include your data on the quick survey.

### Top 5 Reasons to Lease

**1. 100% Financing.** Hardware, software, installation and anything you need can be leased for a total solution.

**2. Conserve Working Capital.** Lease financing enables you to use the equipment while keeping capital intact. Invest working capital in inventory, advertising or other things that grow your business. Customers do not pay cash in this market, typically cash means Line of Credit.

**3. Keep the Bank at Bay.** Businesses that have experienced ups and downs will understand the value of not putting all your eggs in one financial basket or drawing too heavily on a line of credit. No business has only one supplier, why should finance be any different?

**4. Tax Advantages.** While subject to CCRA guidelines, lease payments may be tax deductible and offer faster tax benefits than depreciating an asset.

**5. Easy. Leasing approval and documentation is all electronic leaving you precious time to run your business.**

Thank you very much , we appreciate your input with our survey as we continue to enhance our services to anticipate and exceed your needs.

If you would like more information about lease financing, please do not hesitate to contact me.

Kind Regards,
